• WELCOME •

Dear Parents/Guardians and Students:

We welcome you and your family to L. W. Burnett Elementary School. All of our teachers, staff members, and PTA are excited to have you as part of our L. W. Burnett family. At Burnett we believe everyone has a right to learn and that education should be everyone’s top priority.

In order to receive maximum benefit from the instructional activities, students are expected to be in school every day possible. Good attendance habits impact the learning process positively and carry over in the world of work. Students may go into their classrooms at 7:45 a.m. School begins promptly at 8:00 a.m. Please help your child to be here and on time each day. Please be advised that you will be required to submit proof of residency on new and current students for Douglas County.

Parents are always welcome, wanted, and needed. Students whose parents are actively involved in their learning are more successful in school and in life! We invite you to volunteer, to visit the Parent Resource Center, and to join our dedicated PTA.

Please be advised that we will enforce Douglas County Schools Student Dress Code Policy.

Let’s work together to make this year a wonderful learning and growing experience.

Sincerely,

The Faculty, Staff, Administration, and PTA
MISSION STATEMENT
The mission of L.W. Burnett is to provide a challenging and positive learning environment where all students can achieve academic success with the collaboration of school, home, and community.

COMMUNICATION BETWEEN HOME AND SCHOOL
• HOME REPORT FOLDERS: Progress reports, report cards, work samples, and any pertinent comments from the teachers are sent home regularly in Home Report Folders. Parents sign the folders, write any needed responses, and return them the following school day to the classroom teacher. Consistent and open communication between home and school will help ensure the maximum success of our students.

• SCHOOL NEWSLETTER: At the beginning of each month the school newsletter will be sent home with every student. Information about the school’s activities and schedules will be included. News about resources available in our community for our families will also be provided. Be sure to read it to stay informed.

• WEBSITE: Visit our website at www.douglas.k12.ga.us for more information about our school.

• TELEPHONE: You may call the school at 770-651-3500 to schedule a conference with a teacher or administrator. To schedule a conference with the counselor, call her office at 770-651-3522. We’re always happy to hear from our parents and/or guardians.

CHARACTER EDUCATION
The Character Education program in Douglas County Schools consists of the study of thirty-six (36) character traits throughout the school year. Each week a new trait is introduced to the students throughout the county. Each school day of the week, a learning activity is centered on that trait, such as reading about famous people, writing in journals, classroom discussions, and role-plays. Families and the community as a whole are encouraged to join with the schools in this endeavor. The Character Traits are printed in this handbook and also are published in the monthly school newsletter. Each month, each teacher will select one student in his/her class who best demonstrated outstanding character for that month. These Good Character Students of the Month will have their picture taken; these pictures will be displayed on the Good Character Wall of Fame.

PARENT RESOURCE CENTER
The Parent Resource Center is designed to help parents become full partners in the education of their children by enabling parents to obtain materials to help their children do better in school. The Parent Resource Center at Burnett is located in the Media Center and is available to parents at the first VIP daytime and evening meetings of the school year. The Parent Resource Center has been expanded to include board games of educational value that can be checked out by parents to use at home with their children.

BURNETT’S STUDENT DRESS CODE GUIDELINES

FEMALE TIGER CUBS
The health and safety of our students is very important. As a result, blouses, sweaters, or tops for our girls should not reveal midriff. Dresses or skirts should be worn at an appropriate length below thighs. Tube tops or spaghetti straps are not to be worn. Pants should not be tightly fitted. Also, flip flops, heels, or shoes with the backs out are not to be worn to school.

MALE TIGER CUBS
The tucking in of shirts is required for all male students attending Burnett. No sagging of pants is allowed. Tank tops are not to be worn to school. Also, flip flops, or shoes with the backs out are not to be worn to school.

Parents will be notified in the event students are not in compliance of Dress Code. Some exceptions to these guidelines may be made for special activity days (e.g. Field Day, Character Costume Day, etc.) as determined by the school principal.

ARRIVAL/DISMISSAL
MORNING DROP OFF
Students should not be brought to school before 7:15 a.m., as there is no adult supervision before that time. Students arriving by car should enter the building at the back door of the school near the playground. The front drive is reserved for school buses from 7 – 8 a.m. and 2:15 – 3 p.m. Private vehicles are NOT permitted on the front drive during those times. Students should be in the classrooms no later than 8:00 a.m. Students arriving after 8:00 a.m. are tardy. A student must be present for at least one half of the instructional time to be counted present.

AFTERNOON AND EARLY PICK UP
The door located at the back of the school building past the gym is the regular afternoon dismissal location for car riders. Please do not come to the office to check out your child after 2:00 p.m. All students should be picked up from the car rider line by 3:00 p.m. After 3:05 p.m., the Douglas County Sheriff Department and the Department of Family and Children Services will be contacted.

All cars that regularly pick up riders should have a yellow car rider sign displayed in the front window of the vehicle. Any driver without a yellow car rider sign will need to provide ID and may be asked to return to the office to sign out the student(s).

If you are planning to check your child out of school, please do so before 2:00 p.m. A picture I.D. will be required. After 2:00 p.m., you will be asked to report to the car rider lane to pick up your child. Students leaving before 2:00 p.m., must be signed out through the office. Office personnel will call the student to the office. Parents or other adults should not go to the classroom or the playground to get the child. This procedure is necessary for the protection of the children.

If someone other than a parent/guardian is to pick up a student, the parent must notify the school by note or fax. The fax number is 770-920-4348. If school personnel do not know the person who is picking up the child, identification will be required. Adults unknown by school staff and without proper identification will not be permitted to pick up a child, even if the parent has previously notified the school office.

To change a child’s regular mode of transportation after school, a parent must send or fax a letter of permission to the school office and must include a copy of the parent’s ID. Transportation changes need to be made by 12:00 noon.

MEDIA CENTER
The Media Center at L.W. Burnett Elementary School is an essential component to every student’s educational process. We strive to:
• Offer a place of personal growth and empowerment;
• Promote active development of intellectual problem-solving skills;
• Be proactive in providing free, unrestricted access to information and ideas;
• Provide opportunities that expand student’s horizons.

It is a right and privilege of all students (and parents) of the L.W. Burnett community to use the Media Center as follows:
• Our hours are 8:15 a.m. to 2:30 p.m. during regularly scheduled school days, and between 5:45 – 7:00 p.m. on PTA evenings.
• Students in Kindergarten through second grade are allowed to check out one book at a time for a period of one week.
• Third through fifth graders are allowed to check out two books at a time for a period of one week.
• All patrons are asked to return materials before extended school breaks.
• Parents may check out items from the Parent Resource Center for a period of two weeks.
• All patrons must exhibit RESPECT for themselves, others and school property.
• All patrons must accept and exhibit responsibility for Media Center materials. (All lost or damaged materials must be paid for prior to receiving student report cards).

GUIDANCE AND COUNSELING
In Douglas County, the elementary school guidance program is designed to help students by assisting them in making decisions and changing behavior. The purpose of guidance and counseling is to impact specific skills and learning opportunities in a productive and preventive manner which ensures that all students can achieve school success through academic, career, and personal/social development.

Guidance is defined as the help all students receive to assist them in making appropriate educational and career choices. Counseling is defined as the help some students receive from a professionally trained counselor to help them overcome personal and social problems, which may interfere with learning.

The lessons taught in classroom or small group guidance provide a link to define student competencies. These standards are included in the guidance curriculum. Counselors coordinate and implement delivery of guidance lessons in the areas of academic, personal/social and career development. Lessons can incorporate study skills, test taking skills, problem solving, decision-making, self-knowledge, life skills, personal safety, and career planning. All of which will help facilitate your child’s academic achievement.
Small group counseling may address specific needs such as understanding self and others, anger management, and interpersonal skills. It may also help students deal with crisis situations such as divorce or the death of a loved one. Students may participate in these small groups as a result of referrals from parents, teachers, or themselves. This counseling relationship with students will be treated as confidential except when a student poses an imminent danger to themselves or others, or when the student reveals matters that by state law must be reported. The Douglas County Board of Education provides all students the opportunity for counseling services.

The elementary school counselor consults and collaborates with parents, guardians, teachers, and significant others such as the school psychologist, special education personnel, school social workers, and medical professionals in the community. They are also involved with classroom performance and behavior, childhood growth and development, a positive school climate, identification of exceptional children, interpretations of test results, psychological reports and other relevant data and communication between home and school.

Students in kindergarten through fifth grades will be taught the GOOD-TOUCH/BAD-TOUCH program. GOOD-TOUCH/BAD-TOUCH is a body safety program, which teaches children in a very comfortable way to talk about a very sensitive problem. Unfortunately, every year more than 100,000 children are sexually abused in our country. Informing children of the following concepts helps to lessen their vulnerability to abuse:

1. Touch can be good, and/or confusing.
2. Children are special and they have the right to know all the safety rules.
3. Children can say no to inappropriate touches.
4. Children should tell a trusted adult if they ever have a problem with bad or confusing touches.
5. Sexual Abuse is never the child’s fault.

Professionals from the University of Georgia have validated this program as being effective. The Douglas County Board of Education has approved this program and is very pleased and excited to be involved. The school counselor teaches this program. She has received special training from The Prevention and Motivation Programs, Inc. You may contact her at 770-651-3522 if you would like to preview this program. If you have any questions or concerns about your child’s involvement in any guidance or counseling group activity, please call your school counselor.

**GIFTED PROGRAM**

The State Department of Education has multiple criteria requirements for enrollment in gifted programs. These criteria aid schools in identifying students who are eligible by meeting three of four criteria: mental ability, achievement, creativity, and motivation.

Evaluations include nationally normed tests and are administered by the gifted program staff.

L. W. Burnett Elementary School has a gifted eligibility team to review applicants’ referrals and select candidates for evaluation for the gifted program. Students may be referred for consideration by staff, parents, other students, or self. Please feel free to contact the Program Challenge resource teacher at our school if you have any questions concerning the gifted program.

The Douglas County Association for Gifted Children (DCAGC) is a support group for parents, students, and teachers of gifted children and is affiliated with the national and state associations. DCAGC meets three times yearly and encourages active participation by any interested parties.

**AFTER SCHOOL PROGRAM**

Burnett’s After School Program (ASP) strives to provide our students with quality care through enriching activities, social interactions with their fellow peers, and homework assistance. These activities are structured and supervised with highly qualified staff members. Your child(ren) are expected to adhere to school rules. Inappropriate behavior can result in suspension or withdrawal from the program. The program hours are from 2:45-6:00 pm on school days. The After School Program is a prepaid program with a $10.00 non-refundable registration fee and a daily fee of $8.00 per day or $40.00 per week. There is also a fee of $1.00 per minute; per family after 6:00 p.m. Failure to pay may result in your child being suspended from the program until payment is made in full.

ur goal is to provide a fun and safe environment for your child(ren). The After School Program encourages creativity, social relationships, appropriate behavior and positive self-image. Students will be served a daily nutritious snack after which they will receive homework and or enrichment time and recreational activities. The After School Program is a privilege. A child can be suspended at any time for inappropriate behavior. For further information on Burnett’s After School Program please refer to the After School Program Parent Handbook.

**CAFETERIA**

Students are encouraged to participate in the school nutrition programs. Nutritionally balanced breakfasts and lunches are available to all students. Menus are planned by a registered dietitian. Breakfasts are designed to meet one-fourth of the recommended daily allowance of nutrients for Americans. Lunches meet one-third RDA. Several choices in menu offerings are available. Free meals or reduced price meals are available to students who qualify.

Students are encouraged to pay in advance for meals to eliminate the necessity of bringing money daily. Any amount can be paid and can be made at www.cafeteriaacash.com. The school cafeteria manager can provide information about student account balances at any time. No student can accumulate more than $5.00 in charges. Once that amount has been reached, students who are unable to pay will be offered a sandwich and beverage.

As nutrition is a required part of our curriculum, we discourage the bringing of fast food into our cafeteria. When you come to eat lunch with your child, we invite you to purchase and enjoy one of our nutritionally balanced school lunches. Carbonated drinks and cans are not allowed in the school lunchroom for health and safety reasons. A parent who wishes to join a child for lunch is asked to make a reservation no later than 9 a.m. on the day he/she wishes to eat at school.

**PARTIES AT SCHOOL**

Board Policy allows two parties per school year under teacher supervision during school hours. These parties may begin during the last hour of the school day preceding winter holidays and on the last day of the school year. Students will not draw names for the purpose of exchanging gifts.

It is against Douglas County School Board policy for money to be solicited for parties.

**FIELD DAY**

At Burnett Elementary, all students have the opportunity to participate in Field Day, which is usually held during the month of May. The students engage in various activities. Each grade level has a designated day and time to participate. Parents/Guardians are welcome to attend.

**STUDENT SUPPORT TEAM**

All schools in Georgia use Student Support Teams to identify and offer alternative strategies for students having academic or social problems. The team consists of the teachers who work with the student, an administrator, the counselor, other school personnel, and the parent(s). This group addresses all changes in the instructional programs for students, referrals to special services, and retention concerns. Parents are always invited to SST meetings for their child.

**ACCIDENTS AND ILLNESS AT SCHOOL**

If a student is hurt on the bus or at school, he/she should report the accident immediately to the supervising adult. First aid for minor accidents will be handled at school. Parent/guardians will be contacted in the event of a serious accident.
If a student becomes ill during the day, (i.e., has a temperature, is vomiting, or is seriously injured) a parent or authorized designee will be expected to pick up the child. If your child is ill in the morning, please do not send him/her to school.

It is the parent's responsibility to keep the emergency card current. At least one local phone contact, in addition to the parent/guardian's telephone number, must be listed to insure the safety of your child.

VISITORS

For the protection of all students, parents and visitors must sign in at the office, show a picture i.d. and receive a name tag to wear before proceeding to meetings, classrooms, lunchroom or any location on school grounds. Persons who have not signed in or are not wearing a visitor's name tag will be asked to go to the office. In no case should a parent go to a classroom during school hours without proper authorization. This visit would not be an appropriate time for a parent conference. All visitors should enter the school building by the main front door.

LOST AND FOUND

Lost articles are turned in to the office and/or placed in the Lost and Found Closet. This closet is located at the main entrance of the school building. Parents/guardians are welcome to search for their children's missing clothing when convenient. At the end of each grading period, any unclaimed items are donated to charity.

PARENT CONFERENCES

Parents are welcome and encouraged to schedule a conference to speak with their child's teacher(s) during the teacher's planning period, before school, or after school. Conferences may be scheduled by contacting the school office or the teacher.

Half-day conference days are scheduled during the year. Please check the school newsletter for the dates and times. Parents will be notified if additional conferences are needed. If at all possible, preschool children should not accompany parents during a conference.

PTA

Georgia PTA, established in 1906, represents over 367,000 parents, teachers, and other advocates for children throughout the state of Georgia. Our mission is:

- To support and speak on behalf of children and youth in the schools, in the community, and before governmental bodies and other organizations that make decisions affecting children.
- To assist parents in developing the skills they need to raise and protect their children.
- To encourage and provide opportunities for parental involvement.

L. W. Burnett Elementary School's PTA has planned activities throughout the year to encourage and provide opportunities for parental involvement. We sponsor many fundraisers, actively support school programs, and sell refreshments at school events to raise funds for school needs. We help promote school pride by selling school shirts and other items displaying the school name.

Please show your support of our children by joining the PTA this year. Membership is only $5.00 per person. Additional information about PTA and its program will be provided in the monthly school newsletter along with the scheduled meetings.

VOLUNTEERS

We are looking for concerned and dedicated adults who are willing to give of their time, talents, and energy for the benefit of our children. Many opportunities for involvement are available in the following areas: in the Media Center, at the school book fairs, as book buddies, as tutors or classroom helpers, on field days, as resource speakers, as well as mentors. You can sign up at the fall open house, at PTA meetings, or with an administrator at any time during the school year.

We welcome all volunteers and offer a mandatory training session for all volunteers who want to help in the school during the school day. Check our school newsletter for the training days and times.

Parent/Guardian Authorization Form

The Douglas County Board of Education and Burnett Elementary School is committed to providing access to advanced technology and increased opportunities for learning by providing Internet access. Use of this network offers the opportunity for students to utilize information resources not generally available within the school or local community. Parents and students must recognize that students will be required to make independent decisions and use good judgment in their use of the Internet. I understand that some materials on the Internet may be objectionable, but I accept responsibility for guidance and conveying standards for my son/daughter to follow when selecting, sharing or using this media.

While the potential for abuse exists, I understand the primary purpose of using the Internet is educational—that is, to support learning and enhance classroom instruction. I understand that inappropriate use of the Internet may result in the termination of access and possible disciplinary action. I also agree to compensate the school or school system for any expenses or costs incurred as a result of my child’s violation of Internet policy.

I understand that it is impossible to control all materials on a global network and that an industrious student may discover inappropriate material. Information obtained from the Internet is at the user’s own risk. The school cannot be responsible for accuracy or quality of the information. I release Burnett Elementary School and the Douglas County School System from any liability relating to consequences resulting from my son/daughter’s use of the Internet.

I have reviewed the Internet Use Authorization Form with my child, and I hereby grant permission to Burnett Elementary School the Douglas County School System to provide my child with Internet access.

1. Any student, employee or other person with a complaint alleging a violation as described above shall promptly notify, in writing or orally, the appropriate coordinator designated below for the school system. If the complaint is oral, the coordinator shall promptly prepare a memo or written statement of the complaint as made by the complainant and shall have the complainant read and sign the memo or statement if it accurately reflects the complaint made.

2. The coordinator shall have fifteen days to gather all information relevant to the complaint made, review the information, determine the facts relating to the complaint, review the action requested by the complainant, and attempt to resolve the complaint with the complainant and any other persons involved. The coordinator shall prepare a written response to the complaint detailing any action to be taken in response to the complaint and the time frame in which such action will be taken and copies of this response shall be furnished to the complainant and the Superintendent.

3. If the complaint is not resolved at the conclusion of this fifteen day period or if the complainant is not satisfied with the resolution of the complaint, the complainant shall have the right, within five days of receiving a copy of the written response, to have the complaint referred to the Superintendent of Schools.

4. The Superintendent shall have fifteen days to review the complaint and the response of the coordinator and attempt to resolve the complaint. The Superintendent shall furnish to the complainant a written response setting forth either his approval of the action recommended by the coordinator or the action to be taken by the system in response to the complaint in lieu of that recommended by the coordinator and the time frame in which such action shall be taken.

5. A copy of the action of the Board will be furnished to the complainant, either as a part of the minutes of the Board of Education or as a separate written statement. The Board shall be the final reviewing authority within the system.

8. The procedure is not intended to deprive any employee of any right they may have to file a grievance pursuant to any policy of the Board of Education, specifically including policy GAE, where appropriate. This policy is not intended to provide an alternative process for resolving evaluation and employment disputes where there already exists a due process procedure mandated by state law or State Department of Education regulations, specifically including, but not limited to, hearings to be conducted pursuant to the Fair Dismissal Act of Georgia, Official Code of Georgia Annotated 20-2-940 through 947. Douglas County Board of Education.
It is the policy of the Douglas County Board of Education that accurate and complete student academic and discipline records shall be maintained for each student enrolled in the schools of this school district. Confidentiality of student records shall be preserved in compliance with the Family Educational Rights and Privacy Act. Access to education records is provided to parents, guardians, and eligible students (eligible students are defined as those 18 years of age or older, those enrolled in postsecondary educational institutions, or those younger than 18 who are emancipated), to professional educators with legitimate educational interests, to those federal or state officials whose access is authorized in connection with an audit or evaluation of federal or state-supported education programs or with the enforcement of or compliance with federal legal requirements related to those programs, and to courts and others pursuant to subpoenas or similar documents.

The superintendent shall direct the publication of procedures through which parents or eligible students may request the correction of errors in student records. The superintendent shall ensure that each principal will develop a means to notify, on an annual basis, students and parents/guardians of their rights under the Family Education Rights and Privacy Act either by letter or through a student handbook distributed to each student in the school.

The Douglas County Board of Education designates certain information from student education records as “directory information,” as is specified in this paragraph. Unless a parent/guardian or eligible student makes a timely request to the principal of the school where the student is enrolled that such information not be designated directory information as to that individual student, such information will not be considered confidential and may be disclosed upon written request.

Directory information is as follows:

- Student’s name.
- Student’s date of birth.
- Student’s participation in official school clubs and sports.
- Weight and height of student if he/she is a member of an athletic team.
- Dates of attendance at the Douglas County School System schools.
- Awards received during the time enrolled in the Douglas County School System.
- Photographs
- Program of Study
- School System Security Video/Audio Tapes except when tapes are used in a disciplinary or criminal matter.

In addition to the directory information listed above the federal No Child Left Behind Act provides that the school district shall provide, on a request made by military recruiters or an institution of higher education, access to secondary students addresses and telephone listings.

Student records will be forwarded without further notice to parents/guardians or eligible students to any school within or outside the Douglas County School System, upon request of the school where a student is enrolling.

Any person whose parental rights have not been revoked by court order and any guardian, or any individual acting as a parent/guardian in the absence of a parent/guardian, may inspect the education record of his/her child during the regular business hours, Monday through Friday, while school is in session.

Generally, a parent/guardian will be permitted to obtain a copy of education records of his/her child upon reasonable notice and payment of reasonable copying costs.

Education records are maintained at the school where the student is enrolled and are in the custody of the principal or his/her designee.

Personally identifiable information will not be released by the school system from an education record without prior written consent of the parent/guardian or eligible student except under the following circumstances:

Disclosures will be made to school administrators, teachers, or other professionals employed or associated by the school system who have some role in evaluating or educating the student.

Records will be sent to a school where the student has enrolled upon request of that school.

Disclosures will be made to federal or state officials in connection with the audit of educational programs.

Disclosures will be made in connection with financial aid applications of the student to determine the eligibility for and amount of aid as well as enforcement of the terms and conditions of financial aid.

Disclosures will be made to comply with state law, Internal Revenue Service laws and regulations, judicial orders or lawfully issued subpoenas. A reasonable effort will be made to notify parents/guardians or eligible students in advance of such disclosures.

Disclosures will be made to organizations conducting studies on behalf of or by educational institutions specified in 34 C.F.R. § 99, 31(a) (6) and (7).

Disclosure may be made to accrediting institutions to carry out their accrediting function.

Disclosures will be made in connection with a health or safety emergency.

Information the Board of Education has designated “directory information” may be disclosed upon written request unless a parent/guardian or eligible student objects in writing to the principal of the school where his/her child is enrolled within a reasonable time after receipt of the notice as contained in the student handbook. Directory information about former students will be disclosed upon request.

Each records custodian in the Douglas County School System shall maintain as part of each student’s file a log of those persons to whom access to the educational records has been provided.

A parent/guardian or eligible student who believes the student’s record contains an error may request its correction by submitting a written explanation of the error and the basis for believing it to be in error to the principal or his/her designee, who shall investigate and determine whether or not to amend the record. If the matter cannot be resolved, a parent/guardian or eligible student may request a hearing pursuant to federal regulations at 34 C.F.R. § 99.21-99.22 as well as applicable state regulations. If the hearing results in a determination that the record contained erroneous information, it shall be corrected and the parent/guardian or eligible student shall be informed in writing of the correction; if the information contained in the record is determined not to be erroneous, the parent/guardian or eligible student may file a statement in the record commenting upon the contested information and stating the basis for disagreement. The statement shall thereafter be disclosed whenever the portion to which it relates is disclosed.

NOTIFICATION OF RIGHTS UNDER FERPA

Date: 5/15/06

The Family Educational Rights and Privacy Act (FERPA) affords parents/guardians and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records.

THESE RIGHTS ARE OUTLINED BELOW:

The right to inspect and review the student’s education records within 45 days of the day the District receives a request for access. Parents/guardians or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent/guardian or eligible student of the time and place where the records may be inspected.

The right to request the amendment of the student’s education records that the parent/guardian or eligible student believes are inaccurate or misleading. A parent/guardian or eligible student who believes the student’s record contains an error may request its correction by submitting a written explanation of the error and the basis for believing it to be in error to the principal or his/her designee, who shall investigate and determine whether or not to amend the record. If the matter cannot be resolved, a parent/guardian or eligible student may request a hearing pursuant to federal regulations at 34 C.F.R. §§ 99.1-99.22 as well as applicable state regulations.

The statement shall thereafter be disclosed whenever the portion to which it relates is disclosed.

The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent. One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. Regulations: JR-R
Exhibits: JR-E(1), JR-E(2)

Student records shall be defined as all information about students recorded or collected in any format by local school systems or individual schools that may include educational/psychological assessments, school attendance records, personal data, health information, disciplinary actions, and/or academic progress.

Professional staff of the schools will review all records in their immediate keeping to assure that only responsible and documented information is maintained, removing as necessary extraneous or inappropriate information. The person in professional status responsible for maintaining records will be responsible for administering the use of the file in observance of due process and will guarantee that records contain factual, documented information on students. All information contained in any student records not meeting this requirement shall be removed.

Student cumulative records must contain, but are not limited to: identifying data, academic achievement, attendance data, standardized test scores, immunization records, required health screenings. Academic achievement records of individual students of Douglas County Schools shall be maintained for a period of at least 70 years (after the student leaves, transfers or graduates) and the attendance data for a period of at least three years. These shall be housed in a fire-resistant place.

No person or party, except the parents or legal guardians and students over eighteen (18) years of age, shall be permitted to examine or obtain information from the records of students except, (1) by the written consent of the student’s parent or lawful guardian specifying records to be released, the reasons for such release, and to whom, and with a copy of the records to be released to the student’s parents or lawful guardian and the student if desired by the parents, or (2) in compliance with judicial orders, or pursuant to any lawfully issued subpoena, upon the condition that parents or lawful guardians of the student are notified of all such orders or subpoenas in advance of the compliance therewith. (Divorce does not end a parent’s right to review the child’s records unless the courts specify that such review or contact is prohibited.)

The records of the school concerning an individual student shall be used for appropriate educational purposes and for the promotion of the student’s welfare. Student records shall be made available to an outside person or agency only under the following conditions:

1. A "Release of Information" request is received by school officials duly signed by a parent of the student, or legal guardian, or by a student of legal age (18 years or older). File completed request in student cumulative record.

2. A "Request for Information" request is received by school officials in the form of specific request from the court or a court order. Only information requested shall be provided and the parents and/or students shall be notified of all such orders in advance of compliance with the order.

3. A "Request for Transcript" is received by school officials from a receiving school including schools operated by the Department of Juvenile Justice.

4. Only information such as grades, attendance records, discipline records for students in grades 7-12, and group test scores should be included. Psychological reports and health reports cannot be released without having been specified in the signed "Release of Information" request as per #1 above. Schools must comply with appropriate requests for transcripts within 10 calendar days.

5. In instances where requests for information might come from an outside agency such as the VA, working for the welfare of a student, the agency will file a release from the student or parent or guardian. In lieu of such a release, a form signed by a judge (not necessarily in the form of a subpoena) would suffice, provided the parent, student, or guardian is notified that such a form has been received.

6. In instances where requests for information come from the Comptroller General of the United States, the Secretary of Health and Human Resources, Secretary of Education, an administrative head of an education agency or state educational authorities in connection with the audit and evaluation of federal programs or for the enforcement of federal legal requirements which relate to such programs, only that data which would not permit the personal identification of such students or their parents shall be released. This does not prevent federal officials, administrative head of an agency or state educational authorities to audit and evaluate provided confidentiality is maintained and information later destroyed. The only exception shall be when the collections of personally identifiable data is specifically authorized by federal law.

Schools and the school system shall not withhold any student record because of non-payment of fees. School or the school system receiving the transferred record shall notify the parent(s) guardian(s) of students in grades seven through 12 that the record has been received.

Student records shall be available to parents, legal guardians, and students of legal age, upon their written request. This does not include records that have the names of several students. Individual parents, guardians, or students may also inspect these records upon request.

DOUGLAS COUNTY BOARD OF EDUCATION

INTERROGATIONS AND SEARCHES BY SCHOOL OFFICIALS

INTERROGATIONS

The principal of each school, and his/her authorized representatives, have the authority to conduct reasonable interrogations of students in order to properly investigate charges of student misconduct.

SEARCHES AND SEIZURE

To maintain order and discipline in the schools and to protect the safety and welfare of students and school personnel, school authorities may search a student, student lockers, or student automobiles under the circumstances outlined below and may seize any illegal, unauthorized, or contraband materials discovered in the search. A student’s failure to permit searches and seizures as provided in this policy will be considered grounds for disciplinary action.

All searches by school employees shall be reasonably related to the objectives of the search and not excessively intrusive in light of the student’s age and gender and the nature of the infraction.

PERSONAL SEARCHES

A student’s person and/or personal effects (e.g., purse, book bag, etc.) may be searched whenever a school authority has reasonable suspicion to believe that the student is in possession of illegal or unauthorized materials or contraband. If a pat down search of a student’s person is conducted, it will be conducted in private by a school official of the same sex and with an adult witness present.
LOCKER SEARCHES
Student lockers are school property and remain at all times under the control of the school; however, students are expected to assume full responsibility for the security of their lockers. Periodic general inspections of lockers may be conducted by school authorities for any reason, at any time without notice, without student consent, and without a search warrant.

SEIZURE OF ILLEGAL MATERIALS
In the event search of a student’s person, his/her personal possessions, vehicle, or locker reveals the student is concealing material, the possession of which is prohibited by federal, state, or local law, such findings shall be turned over to the proper legal authorities so that they may take appropriate action, in addition to any action taken by the school or school district.

SCHOOL PROPERTY
Student lockers, desks, and other such property are owned by the school. The school exercises exclusive control over school property, and students should not expect privacy regarding items placed in school property because school property is subject to search at any time by school officials. Students are responsible for whatever is contained in desks and lockers issued to them by the school.

SUGGESTED PROCEDURES
If a school official has reasonable cause to believe that contraband is present, he or she may institute a search. Although the following procedures for a search are suggested, they are not mandated because the circumstances attendant to the need for each search may vary. The student should ordinarily be required to be present and asked to consent to the search. If after being informed of the basis for the school official’s reason to search, the student does not consent and the circumstances permit, the student’s parent or guardian should be called and informed of the circumstances. If the parent or guardian will not consent to the search, the school official may proceed with the search, contact security, or, if necessary, call law enforcement authorities. Ordinarily, and if circumstances permit, the search of a person or his or her effects should be conducted out of the presence of other students.

USE OF CANINES
The Administration is authorized to utilize canines whose reliability and accuracy for sniffing out contraband has been established to aid in the search for contraband in school-owned property and automobiles parked on school property only upon the approval of the Superintendent or his/her designee, unless the health or safety of students will be endangered by the delay which might be caused by following these procedures. The canines must be accompanied by a qualified and authorized trainer who will be responsible for the dog’s actions. An indication by the dog that contraband is present on school property or an automobile shall be reasonable cause for a further search by school officials.

USE OF METAL DETECTORS (MAGNETOMETERS)
Weapons of any nature on school property or at school functions are prohibited by school policy and state law. The presence of weapons is inherently dangerous to all persons in the school setting. When the Administration has reasonable cause to believe that weapons are in the possession of unidentified students, when there has been a pattern of weapons found at school, or when violence involving weapons has occurred at a school, the Administration is authorized to use stationary or mobile metal detectors only upon the approval of the Superintendent or his/her designee, unless the health or safety of students will be endangered by the delay which might be caused by following these procedures.

When a metal detector is being used, students will be allowed to use only the entries designated. If a metal detector activates on a student, the student should be asked to remove metal objects from his or her person and walk through or be scanned again. If, after the removal of other metal objects and a third activation by the metal detector on the student, the student should be taken to a room out of view from the other students where the procedures suggested above for a search would be applicable.

NOTICE
Students will be provided notice of the Policy concerning search and seizure by having them placed in the student handbook or distributed by supplemental publication. A copy of the Policy will also be posted in the principal’s office or another prominent place in each school. If a metal detector is to be used, the additional notices required for its use will be given.

DEFINITIONS
For purposes of this policy the following definitions are applicable:

‘Unauthorized’ is any item dangerous to the health or safety of students or school personnel, or disruptive of any lawful function, mission, or process of the school, or any item described as unauthorized in school rules available to students in the Student/Parent Handbook distributed to all students beforehand.

‘Contraband’ is all substances or materials, the presence of which is prohibited by school policy, state law, or federal law, including but not limited to, controlled substances, drugs, alcohol or alcoholic beverages, improperly used inhalants such as glue or aerosol paint, guns, knives, weapons, and incendiary devices.

‘Reasonable cause’ or ‘reasonable suspicion’ is the standard for a search on school property or at school related events which is based on the school official’s specific reasonable inferences which he or she is entitled to draw from the facts in light of the school official’s experience. Specific reasonable inferences may be drawn from instances including but not limited to, a tip from a reliable student, suspicious behavior which suggests that contraband is present, a smell indicating the presence of the contraband or a bulge in a pocket, etc. Reasonable cause or reasonable suspicion should not be based on mere hunch.

APPLICATION OF POLICY
Students are entitled to the guarantees of the Fourth Amendment, and they are subject to reasonable searches and seizures. School officials are empowered to conduct reasonable searches of students and school property when there is reasonable cause to believe that students may be in possession of drugs, weapons, alcohol, and other materials (“contraband”) in violation of school policy, state law, or federal law. Students who bring contraband on to school grounds may be searched in order to secure the school environment so learning can take place and to protect other students from any potentially harmful effects stemming from the contraband. School property shall remain under the control of school officials, and shall be subject to search. The Administration may utilize canines and metal detectors (magnetometers) as provided in the Policy. This policy shall not be interpreted to hinder or preclude law enforcement’s lawful discharge of its duties.

ELIGIBILITY PROCEDURES FOR GIFTED PROGRAM
Program Challenge, as mandated by Georgia law, provides services to identified gifted students. A school Eligibility Committee receives referrals for testing from school personnel or parents and determines eligibility for testing. Students are evaluated in mental ability, achievement, creativity, and motivation, and must meet either three of the four criteria or qualify in achievement and mental ability. Students are served through differentiated curriculum in the Resource Room or advanced content. At least one teacher serves every school. Additional information provided upon request.

GUIDANCE PROGRAM
STUDENT SERVICES
The Board of Education recognizes the importance of balanced educational programs and services designed to provide academic and occupational preparation of all the district’s children and youth. Student Support Services shall be to assist educators in identifying potential student problems so that pupils may better profit from the instructional program. The Board of Education will provide an adequate program of student support services to meet the guidance, counseling, testing, social services, psychological and career development needs of their pupils.

The guidance program shall consist of the generally accepted services (orientation, information, analysis, placement, follow-up and counseling). The counseling relationships with students will be treated as confidential except when a student poses an imminent danger to himself/herself or others or when the student reveals matters that by state law must be reported.

The standardized testing activities that are useful to the instructional program and helpful in meeting guidance needs are also services of the guidance program. The scope of these activities may vary with the individual needs of the student population and the availability of especially trained staff members.
TO WITHDRAW

If a student needs to withdraw he/she should do the following:

1. A parent/guardian should notify the school to withdraw the student. The withdrawal document must be signed by the enrolling parent/guardian.
2. Obtain a withdrawal form from the attendance clerk.
3. All of the student’s teachers, the counselor, the media specialist, the lunchroom manager and the principal must sign the withdrawal form.
4. Return all textbooks and library books and pay any fines and/or charges before records can be sent to your new school.
5. Return the withdrawal form to the clerk before the end of the school day.

SOCIAL SECURITY NUMBER

The Douglas County School System requests that all students provide the school with a Social Security number to be used as a student identification number. Students who do not have a Social Security number may pick up an application form in the Attendance Office or any Social Security office. Student Social Security numbers will be treated in the same confidential manner as all other records in accordance with the Federal Educational Rights and Privacy Act of 1974.

Providing a Social Security number is voluntary. Students or parents who object to providing a Social Security number must complete a waiver form. Waiver forms can be obtained from the Attendance Office.

ADMINISTRATIVE PROCEDURE  
Elementary School Attendance  
Date: 6/18/07

In order to receive maximum benefit from the instructional activities, students are expected to be in school each day unless excused for legitimate reasons. Good attendance habits positively impact the learning process and carry over into the world of work. While teachers and administrators are charged with the responsibility of providing worthwhile daily activities for students, the student and their parents must assume responsibility for being punctual and regular in attendance. It is the position of the Douglas County Board of Education that every day at school is important and that no student ever be absent except for extraordinary reasons. To emphasize the importance of good attendance, and to provide consistency throughout the school system, the following guidelines will be used in the middle schools.

Attendance Rules

1. Absences will be classified as excused or unexcused. Excused absences are those due to emergencies such as:

   A. Personal illness or attendance in school endangers a student’s health or the health of others.

   B. A serious illness or death in a student’s immediate family necessitating absence from school.

   C. A court order or an order by a governmental agency mandating absence from school.

   D. Observing religious holidays, necessitating absence from school.

   E. Conditions rendering attendance impossible or hazardous to student health or safety.

   F. A student whose parent or legal guardian is in military service in the armed forces of the United States or the National Guard, and such parent or legal guardian has been called to duty for or on leave from overseas deployment to a combat zone or combat support posting, shall be granted excused absences, up to a maximum of five school days per school year, for the day or days missed from school to visit with his or her parent or legal guardian prior to such parents or legal guardians deployment or during such parents or legal guardian leave.

   G. Any other reason approved by the Georgia State Board of Education.

   Students shall be counted present when they are serving as pages of the Georgia General Assembly.

   Unexcused absences are all failures to attend school other than those specifically excused by the administration.

2. Absences and tardies will be recorded in each class. Absences and tardies from school will be recorded on the student permanent record. A student must be present at school until 11:00 am to be counted present for the day.

3. If a student is absent from school, the student must always bring an excuse from home the day the student returns. The student should take that excuse to the homeroom teacher when the student arrives. When the student is absent, the school will attempt to contact the parent to determine the cause of absence. However, the written excuse must be brought, whether or not a contact is made by phone. A phone call log will be kept by designated individual.

   All work missed due to illness must be made up by the student within a reasonable time, or receive zeros in work missed. It is the student’s responsibility to make arrangements with the teacher for make-up work.

   In order to participate in an extracurricular or after school activity, a student must be in attendance on the school day of the activity. For each absence beyond ten (10), students must bring an excuse from a doctor, dentist, health center, etcetera, or court for the absence(s) to be excused.

4. Individual teachers (in grading policies) or schools will provide incentives for good attendance.

5. Unexcused or questionable absences will be followed up by school personnel including the school social worker in the following order:

   A. Student absentee phone calls are made to parents (preferably by teachers) and documented on phone log in the attendance folders by the designated individual in each school.

   B. Any parent, guardian, or other person having control or charge of any child or children between the ages of six and sixteen shall send such child or children to school. On the sixth unexcused absence a violation of this code (O.C.G.A. 20-2-690.1) will result in said person being guilty of a misdemeanor. Upon conviction thereof, shall be subject to a fine of not less than $25.00 nor greater than $100.00, imprisonment not to exceed 30 days, community service, or any combination of such penalties.

   Two reasonable attempts to notify the parent/guardian will be made by the school on the fifth unexcused absence. If no response is achieved the school shall send a notice by certified mail, return receipt requested. Each day's absence from school after notification on the fifth unexcused absence shall constitute a separate offense.

(ii) The specific retest(s) to be given the student and testing date(s);
(iii) The opportunity for accelerated, differentiated, or additional instruction based on the student's performance on the Criterion-Referenced Competency Test; and
(iv) The possibility that the student might be retained at the same grade level for the next school year.

2. The student shall be given an opportunity for additional instruction that is accelerated and differentiated in the applicable subject(s) prior to the retesting opportunity; and

3. The student shall be retested with appropriate section(s) of the Criterion-Referenced Competency Test(s) or an alternative assessment instrument that is appropriate for the student's grade level.

(iii) The notice shall include the requirement that the decision to promote the student must be the unanimous decision of the placement committee comprised of the principal or designee, the student's parent or guardian, and the teacher(s) in the content area(s) in which the student did not achieve grade level on the Criterion-Referenced Test.

3. If the parent, guardian, or teacher(s) appeal the decision to retain the student, then the school principal or designee shall establish a placement committee to consider the appeal.

(i) The placement committee shall be comprised of the principal or designee, the student's parent or guardian, and the teacher(s) of the subject(s) of the Criterion-Referenced Competency Test or the alternative assessment instrument on which the student failed to perform at grade level.

(ii) The principal or designee shall notify in writing by first-class mail the parent or guardian of the time and place for convening the placement committee.

(iii) The placement committee shall review the overall academic achievement of the student in light of the performance on the Criterion-Referenced Competency Test or the alternative assessment instrument and promotion standards and criteria, specified in Section (2) above, and make a determination to promote or retain.
(iv) The decision to promote must be the unanimous decision of the placement committee and must determine that if promoted and given accelerated, differentiated, or additional instruction during the next year, the student is likely to perform at grade level by the conclusion of the school year.

(v) The placement committee shall prescribe such additional assessments as may be appropriate in addition to assessments administered to other students at the grade level during the year.

(vi) The placement committee shall provide for a plan of continuous assessment during the subsequent school year in order to monitor the progress of the student.

4. A plan for accelerated, differentiated, or additional instruction must be developed for each student who does not achieve grade level performance in grades 3, 5, or 8 on the Criterion-Referenced Competency Test(s) specified in Section (a) above whether the student is retained, placed or promoted for the subsequent year.

5. A student who is absent or otherwise unable to take the Criterion-Referenced Competency Test in reading and/or mathematics on the first administration or its designated make-up day(s) shall take the Criterion-Referenced Competency Test in reading and/or mathematics on the second administration day(s) or an alternative assessment instrument that is appropriate for the student’s grade level. Placement or promotion of these students shall follow the same procedures as students who do not achieve grade level on the first administration of the assessment.

6. A student’s failure to take the Criterion-Referenced Competency Test within the State of Georgia in grades 3, 5, and 8 in reading and/or mathematics on any of the designated testing date(s) or an alternative assessment instrument that is appropriate for the student’s grade level shall result in the student being retained. The option of the parent, guardian, or teacher(s) to appeal the decision to retain the student shall follow the guidelines designated in O.C.G.A. § 20-2-283.

7. A student shall be considered to have met the testing requirements of this rule if the following occurs:

(i) The student transfers to a Georgia public school from another state that requires a criterion-referenced assessment and uses data from the assessment to make decisions regarding promotion and retention; and

(ii) The student has taken the criterion-referenced assessment during the current year and has appropriate records of performance.

I. The student’s performance on that criterion-referenced assessment shall be used for promotion and retention decisions at the receiving school. The student shall not be required to take the Georgia’s Criterion-Referenced Competency Test.

8. For students receiving special education or related services, the Individualized Education Plan Committee shall serve as the placement committee.

9. The decision of the placement committee may be appealed as follows:

i. Level Director

ii. Associate Superintendent for Instruction

(d) A placement committee shall determine placement of a student who does not achieve grade level on the third, fifth, or eighth grade Criterion-Reference Competency Test after having been retained in grade 3, 5, or 8 for a year. The placement committee shall review previous plans for accelerated, differentiated, or additional instruction for each student and will make appropriate adjustments to the plan to provide services needed in order for the student to succeed and to progress to the next higher level of academic achievement.

(5) PROMOTION REQUIREMENTS FOR GRADES 9 – 12 – OMITTED

Promotion and retention criteria for transfer students will be determined on an individual basis and will be based on the maximum potential units attempted by the student prior to transfer.

TRANSFERS

All students transferring to Douglas County will be admitted to school pending receipt of their immunization record, for a period not to exceed 30 calendar days from initial entry. The 30-day waiver may be extended from the date of the first admittance, whichever is earlier, for up to 90 calendar days, provided the student is a transfer student from an out-of-state school system to a Georgia school system, or a student entering kindergarten or first grade from out-of-state. The student must provide documentation to the school from the local health department or a physician specifying that an immunization sequence has been started and that the immunization time schedule can be completed within the 90-day waiver period.

No student expelled/suspended from a school in another school system may be admitted to a Douglas County school without approval of the school superintendent.

An elementary or middle school student transferring from a school accredited by a regional or state accrediting agency may be placed in the grade and courses recommended by the school from which he/she is transferring. Alternative placement may be made upon review by the principal in consultation with the parents (and Level Director if necessary) if student age, maturity level, previous academic record, standardized test scores, and/or placement testing indicate that student needs can be better addressed at another grade level.

If placement testing in mathematics and reading is deemed necessary, these guidelines should be followed:

MATHEMATICS - Selected items from the grade level placement test in the adopted text can be administered at the beginning of the school year. The current cumulative test may be used if entry occurs during the school year.

READING - Students generally are placed tentatively in the level of reader equivalent to that of the book they were in at the previous school. If equivalent reader cannot be determined, the teacher should try the book and section for the grade and month of entry. A trial would consist of reading sections, both at sight and with practice, and answering questions from the teacher edition for that excerpt. Appropriate section and/or end-of-book test may provide additional information if needed. The teacher should note word recognition difficulties during the sight-reading.

Whichever method is used, if the materials are too difficult, the teacher should move through earlier sections until an appropriate level is determined.

HOSPITAL/HOMEBOUND PROGRAM

Students who have a medically diagnosed physical condition which restricts them to their home or a hospital for a period of time which will significantly interfere with their education can be eligible for Hospital/Homebound services. Such students, or their parents, must submit a medical referral form completed by a licensed medical physician. The physician must project that the student will be absent a minimum of 10 school days and is physically able to profit from educational instruction.

Students are not eligible if absence is due to communicable diseases (except as specified in State Board Policy GSSC), emotional problems, expulsion, suspension, abuse of chemical substances, or uncomplicated cases of pregnancy. Cases of complicated pregnancy will be approved only with a statement from a licensed medical physician (1) certifying that school attendance would endanger the life of the mother or the child, and (2) specifying the projected length of time this danger would exist.
**HOMEWORK POLICY**

Homework is defined as any required study assigned to be done outside the regular class time or as the completion of required class work. Research in this area indicates a positive correlation between homework and student achievement. Proper employment of this method of instruction is essential to quality education and is both endorsed and encouraged.

Effective use of homework reinforces, extends, and enriches classroom learning. It helps students synthesize and integrate material, provides opportunities for learning from a variety of sources, encourages self-discipline and responsibility, promotes organizational and time management skills, and establishes a window through which parents can view their children's learning activities and progress. Homework is intended to foster attitudes toward school, improve academic-related behaviors, generate interest in subject matter, improve communication between the home and the school, and encourage involvement in their children's education.

Homework expectations increase in proportion to a child's age, grade level, and experience in school.

**KINDERGARTEN:**
Homework is usually limited to special projects and activities involving parent participation.

**FIRST AND SECOND GRADES:**
Most students can expect 15 to 30 minutes of required homework each night.

**THIRD GRADE:**
Most students can expect 30 to 45 minutes of required homework each night.

**FOURTH AND FIFTH GRADES:**
Most students can expect 30 to 60 minutes of required homework each night.

Parental guidance and support are necessary for students to develop successful homework patterns from an early age. To ensure that students benefit from homework experiences, parents will find the following suggestions helpful:

- Show interest in what your child is learning.
- Agree upon a quiet, comfortable study area.
- Allow time for a snack and play before beginning homework assignments.
- Agree upon a nightly time for studying.
- Foster independent learning.
- Be a good listener.
- Give encouragement.
- Act as a positive role model by spending time reading for information and/or pleasure each day.

In the event of illness or family emergency, students will be given an opportunity to make up missed work. For short-term absences (5 or fewer days), full credit will be given for work made up and turned in within a number of days equal to those missed. Special arrangements should be made with the classroom teacher when illness or family emergencies extend absences beyond five days. The following guidelines govern the availability of makeup work:

1. If a student is absent for one day, makeup work will be given when the student returns to class. Any assignments requested on the day of a student's one-day absence are due on the day the student returns to school.

2. If a student is absent two or more days, parents may request makeup work by calling the school office before 8:30 a.m. Work will be ready in the office between 3:00 p.m. and 4:00 p.m. The number of days allowed for makeup work begins on the first day makeup work is requested.

3. In case of long-term illness, parents should communicate with teachers regarding further makeup work.

**RECORDING DEVICES**

Students are not allowed to bring any recording device to school. No video or tape recording device can be used to record school day events unless authorized by the principal.

**OBSERVATIONS/VISITATIONS**

Elementary schools value the concept of parents as partners in education. Parent and community support and assistance are vital in all facets of the school program.

Parents and community members have opportunities for observing students in the educational setting through a number of established activities and events. Special events are scheduled to showcase student endeavors. Examples are: Academic bowls (spelling bee, geography bee), musical and dramatic presentations, art displays, Business Back to School Day, athletic events, and awards ceremonies. Parents participate directly in the instructional program through PTO, volunteer work, field trips, school advisory committees, and individual parent/teacher conferences.

If parents wish to arrange individual classroom or school visitation, they will be provided the opportunity. Visitations should be limited to two class periods during the school day.

The following guidelines will be observed:

As a courtesy to the teacher, it is requested that an appointment be made for all visitations. Contacting the teacher by note or telephone, at least one day in advance, is recommended. If it is not possible to contact the teacher before or after school hours, the office should be contacted by telephone or note to arrange for a visit. Make your request to the Principal at least 24 hours prior to the requested visitation time. In your request, please state the purpose of the visit.

Sign in at the front office to receive your visitor's badge. You will then be escorted to your student's classroom.

Classroom visitations are not a time for teacher-parent conference. Parents should not expect teachers to confer with them at these times. The regular school program must continue during such visits. During your visit, refrain from engaging the attention of teachers or students through conversation or other means.

Remain as inconspicuous to the instructional process as possible.

Return to the office at the end of your visit to check out and return your badge.

For the safety of students, no unauthorized persons are allowed in the building without administrative approval. Students not enrolled at our school are not allowed to visit during the school day due to unnecessary classroom interruptions, which are detrimental to the learning process.

Visitors are under the supervision of the administration while on campus. Any questions or concerns regarding your visit should be referred to the administration.

**INTERNET FILTERING REGULATION**

**1 PARENT/GUARDIAN AUTHORIZATION FORM**

1.1 Form only needs to be signed one time and this will follow the student while he or she is in the Douglas County School System.

1.2 The Parent/Guardian Authorization Form should be kept in the Media Center for all students.

1.3 If the student transfers to another school, the original Authorization Form will be acceptable for the new school.
1.3.3.1 For example, Parent A signs a Parent/Guardian Authorization Form for a student. Parent A then is divorced from Parent B and Parent B receives custody of the student. If Parent B does not indicate otherwise, then the student will still be allowed Internet access because Parent A had originally given that permission.

1.4.1 This must be made by the original Parent or Guardian if that person is still alive and is still responsible for the student.

1.4.2 If there is a new Parent or Guardian that has legal custody of the student and a previous Parent or Guardian signed the Parent/Guardian Authorization Form, then the current Parent/Guardian's wishes shall be followed. However, these wishes must be properly communicated to the school system in writing by either filling a Parent/Guardian Authorization Form or by writing the school requesting that the student not participate in Internet activity.

1.4.3 Should there be a change in Parent or Guardian custody of the student and that Parent or Guardian makes no specific requests, then the wishes of the previous Parent or Guardian will be observed.

1.4.3.1 For example, Parent A signs a Parent/Guardian Authorization Form for a student. Parent A then is divorced from Parent B and Parent B receives custody of the student. If Parent B does not indicate otherwise, then the student will still be allowed Internet access because Parent A had originally given that permission.

2 OBTAINING PARENT/GUARDIAN AUTHORIZATION FORM

2.1 Form is sent to students at the beginning of school.

2.2 New students are given the form with other paperwork as they check into a school.

2.3 Individual teachers may give the form to the student.

3 ADDING STUDENT INTERNET ACCESS TO THE COMPUTERS

3.1 Students should not have Internet access unless a Parent/Guardian Authorization Form has been completed.

3.2 Parent/Guardian Authorization Forms should be kept in the Media Center.

3.3 Internet access will be given to the student upon verification from the Media Specialist at the school that the Authorization Form has been properly submitted.

3.3.1 The Media Specialist will place a work request to Technology Services requesting Internet Access for the student or students. This request will verify that the proper Parent/Guardian Authorization Form has been recorded and that the Media Specialist has this form in his or her files.

3.3.2 Internet Access will then be given to the student the same day that the Work Request has been placed by the Media Specialist.

3.4 Process for Removing Student Internet Access

3.4.1 The Media Specialist will place a work request to Technology Services Requesting the removal of Internet Access for the student or students. This request will verify that the proper written request from the Parent or Guardian has been recorded and that the Media Specialist has this letter in his or her files.

3.4.2 Internet Access will then be removed for the student the same day that the Work Request has been placed by the Media Specialist.

3.4.3 The Media Specialist should immediately notify the teachers of that student so that they can have other activities for the student during times when the class is accessing the Internet.

4 INTERNET FILTERING

4.1 Technology Service’s goal is for the Internet Filter to be running at all times and to be consistently updated.

4.2 If there is a problem with the Internet Filter, Technology Services will notify the schools and the Central Office Administration through e-mail that the filter is temporarily out of service. To insure that all staff knows of the problem, this e-mail notification should be addressed to the “Everyone” e-mail group.

4.3 Should anything happen to the Internet Filter, it should be one of the top priorities of the Technology Department to correct.

4.4 Once the problem is corrected, the Technology Department should notify the same “Everyone” group that the filter is now working properly.

5 MONITORING STUDENTS WHILE ON THE INTERNET

5.1 Since no filter can absolutely guarantee that students will not be exposed to objectionable pages from the Internet, the teacher or some responsible adult should monitor Internet activity by all students. This monitoring should be the same whether the filter is working or not.

5.2 Classroom management is very important in classroom monitoring. Some suggestions for easier management are:

5.2.1 Teachers should be aware that Internet screens can be quickly minimized when they come and to be vigilant for this.

5.2.2 Computers should be arranged, whenever possible, so that all screens can be seen at all times by the teacher.

6 WHEN AN UNACCEPTABLE SITE IS ACCESSED

6.1 The student should immediately back out of the site by clicking on the “Back” button on the browser.

6.2 If the student has accessed a site that throws up multiple screens, the student should immediately ask for assistance from an adult.

6.3 The adult monitor should remove the students from the monitor and write down the URL to the site so that it can be blocked in the future. This should be given to the Media Specialist who will then notify the Technology Department through a work request.

6.4 The adult monitor should get the names of all students who witnessed the site. They should determine whether this action was done purposely or by accident.

6.4.1 If the incident took place in an elementary school, the names of the students involved should be given to the school’s administrator.

6.4.2 If the incident took place in a middle or high school, the students’ names should only be given to an administrator if the teacher or monitor felt that the access to the inappropriate site was on purpose and was not accessed accidentally.

6.5 If the incident took place in an elementary school whether by accident or not, the school administrator should then contact the parents of the students involved to warn them what took place.

6.6 If the incident took place in a middle or high school, and if it had been determined by that school’s administration that this incident was purposely done, the administrator should contact the parents of the students involved.

7 REQUESTING SITES TO BE BLOCKED OR UNBLOCKED

7.1 At times, the Internet Filter may block totally acceptable sites. If a teacher runs into this problem, he or she should place a work request to the Douglas County School System Help Desk stating the URL that they wish to have unblocked and stating the educational objective for having that site unblocked.
7.2 The requesting teacher, media specialist, or administrator takes responsibility for the educational value and acceptable use of the site. It is not the responsibility of the Technology Department to verify the validity of the unblocked site.

7.3 No site will be unblocked without a solid educational reason stated in the work request or without the expressed approval by an Assistant Superintendent or the Superintendent.

7.4 If there is any question by the Technology Department about the validity of unblocking a site, the Technology Department will obtain approval from an Assistant Superintendent or the Superintendent before unblocking the site.

The principal and his/her administrative staff must respond by employing appropriate discipline management techniques consistent with regulations. Teachers and principals have the authority to take customary and reasonable measures to maintain proper control among students placed under their care and supervision. Such measures may include the use of reasonable force, as is reasonably necessary in the exercise of lawful authority to restrain pupils and maintain order, provided same is necessary to preserve property and/or the safety of students, staff and visitors. Corporal punishment will not be allowed in the Douglas County School System under any circumstances.

A teacher shall have the authority to remove from his or her class a student who repeatedly or substantially interferes with the teacher’s ability to communicate effectively with the students in the class or with the ability of the student’s classmates to learn, where the student’s behavior is in violation of the student code of conduct, provided that the teacher has previously filed a report or determines that such behavior of the student poses an immediate threat to the safety of the student’s classmates or the teacher. The Superintendent shall fully support the authority of principals and teachers in the school system to remove a student from the classroom. Each school principal shall implement the policies and procedures of the superintendent and local board of education relating to the authority of every teacher to remove a student from the classroom and shall disseminate such policies and procedures to faculty, staff and parents or guardians of students. The principal or the principal’s designee shall provide the student oral or written notice of the grounds for his or her removal from class and, if the student denies engaging in such conduct, the principal or the principal’s designee shall explain the evidence which supports his or her removal from class and give the student an opportunity to present his or her explanation of the situation.

If, after such discussions, the principal or the principal’s designee seeks to return the student to the teacher’s class and the teacher gives his or her consent, the student shall be returned to the class and the principal or the principal’s designee may take action to discipline the student, as may be warranted. If, after such discussions, the principal or the principal’s designee seeks to return the student to the teacher’s class and the teacher withholds his or her consent to the student’s return to his or her class, the principal or the principal’s designee shall determine an appropriate temporary placement for the student by the end of the first school day following such removal and shall also take steps to convene a meeting of a placement review committee. The placement review committee shall convene by the end of the second school day following such removal by the teacher and shall issue a decision by the end of the third school day following such removal by the teacher. An appropriate temporary placement for the student shall be a placement that, in the judgement of the principal or the principal’s designee, provides the least interruption to the student’s education and reflects other relevant factors, including, but not limited to, the severity of the behavior that was the basis for the removal, the student’s behavioral history, the student’s need for support services, and the available education settings; provided, however, that the student shall not be returned to the class of the teacher who removed him or her, as an appropriate temporary placement, unless the teacher gives his or her consent. Administrative Procedure

Elementary Discipline Code

This discipline code serves as a guide for school administrators dealing with discipline offenses. It is not intended to be an exhaustive list of every possible offense. Furthermore, every possible offense cannot be defined. The principal of the school has the authority to make disciplinary and other decisions based on the best interests of the students and the school.

Students and Criminal Charges

Parents and guardians are encouraged to inform their children that certain acts of misconduct could result in legal charges. Please explain to your student(s) that for certain acts of underage sexual conduct and other crimes, a minor may be tried as an adult.

Discipline Code Information

1. Students are to notify an administrator or staff member when dangerous or illegal items are found in the school building or on the campus. Students are advised not to pick up or handle the items.

2. School administrators and/or their designated representatives possess the authority to conduct a reasonable search of students and their possessions when on school property. The administrator is required to have only reasonable suspicion to conduct such searches.

3. Students should be aware that any adult employee of the Douglas County Board of Education has the authority to ask for a student’s identity or to seek other appropriate information. Board of Education employees have the authority to give a student reasonable instructions and to expect that those instructions be carried out. Refusal to provide identity or to carry out reasonable instructions will result in disciplinary action.

4. Students and parents should understand that when misconduct constitutes a violation of local, state, or federal law, law enforcement agencies will be contacted and prosecution may follow.

5. Student offenses are not cumulative from one school year to another. However, severe offenses at the end of a school year may result in consequences that are carried out in the next school year.

6. Student discipline records do not become a part of the student’s cumulative permanent record. They are maintained in a separate file and are subject to the same law of privacy as the student’s cumulative record.

7. The school system reserves the right to punish behavior which is subversive to good order and discipline in the school even through such behavior is not specified in the school’s discipline code.

8. Students suspended or expelled from school are not allowed on the school campus or at any school function. The school administration may use their discretion concerning make-up work.
9. Students placed in isolation or in-school suspension may not participate in extra-curricular activities or assemblies.

10. Failure to serve disciplinary action will result in additional consequences.

11. Consequences for rule violation will be administered as consistently as possible for all students while taking individual circumstances into consideration. In addition, habitual behavior problems should be referred to the Student Support Team (Tier 3) accompanied by data from Tier 2 interventions.

12. Any teacher or staff member has authority, at any time, over any pupil, as long as the student is in the building, on school grounds, or attending school functions.

13. Discipline records that are sent home should be signed by the parent/guardian and returned to school.

14. A teacher shall have the authority to remove from his or her class a student who repeatedly or substantially interferes or is an immediate threat to safety. Please refer to Board Policy JD for details.

15. Bus Conduct – School bus transportation is a privilege afforded pupils by the Board of Education. It is not a right. To protect the safety and well being of all involved, pupils must adhere to established bus conduct rules. Bus transportation privilege may be revoked if the pupil does not observe bus conduct expectations.

16. Rule violations may be serious enough that more than a 10 day suspension is necessary. When this occurs, a student tribunal will be conducted at the Douglas County Board of Education to allow student due process.

**BUS CONDUCT RULES**

1. Students should always conduct themselves in an orderly manner and obey all bus safety rules.

2. All students are under the jurisdiction of the driver while aboard each bus.

3. The driver is responsible for seating arrangements on each bus.

4. Students will remain seated while bus is in motion.

The principal will authorize the driver to make such a stop. Exceptions may be made if a safety hazard is involved.

12. Buses are provided for transporting students: therefore, large objects such as boxes, recreation equipment, large band instruments, etc. should not be on a bus.

13. Students must refrain from inappropriate display of affection.

14. Assignments to specific buses will be made by school authorities.

15. Students are expected to abide by the Douglas County School Student Conduct Behavior and Discipline Code.

This also includes the usage of any electronic devices during the operation of a school bus in a manner that might interfere with the school bus communications’ equipment or the school bus driver’s operation of the bus.

**RULES OF CONDUCT**

The school is a community, and the rules and regulations are the laws of that community. All of those enjoying the right of citizenship in the school community must also accept the responsibilities of citizenship. A basic responsibility of every citizen is to respect the laws of the community.

The following rules are the general rules of Douglas County Elementary Schools. These rules apply to all students and will be fairly administered and consistently enforced. All of these rules are designed to protect the student’s right to receive an education, the teacher’s right to teach, and the property of individuals and the school system. The consequences for breaking rules may range from warnings to suspension from school. In extreme cases, long-term suspension and expulsion may be used. Also, note that the rules cover certain acts that are also covered under local, state, and federal laws. Students who violate the law will be punished by the school system and will be prosecuted.

In case of misbehavior not covered by the rules listed, the administration may enact corrective measures that are in the best interests of the school system and the students involved.

Any student who knowingly aids, abets, assists, or furthers the commission of an offense by another person in violation of the Student Discipline Code shall be subject to disciplinary action as if committing the act themselves which violates the Student Discipline Code. Punishment shall include the same punishments available for the underlying offense.

**DISCIPLINE CODE DEFINITIONS**

The following are definitions or elaborations of the definitions in the discipline code.

DISCIPLINE OF STUDENTS WITH DISABILITIES

Discipline of students with disabilities requires certain considerations because behavior may be related to the disability. Following are general guidelines:

1. Determine which students have been identified as disabled and review their IEPs or Section 504 Plan at the start of the semester before there are discipline problems.

2. An IEP or Section 504 Plan may include a Behavior Intervention Plan that specifies how certain behaviors are to be handled. This plan should be followed in all school settings - regular or special.

3. Students whose IEPs or Section 504 Plan do not address behavior or discipline should be treated like non-disabled students with common sense consideration of the disability (see * below).

4. Classroom teachers should work closely with special education teachers and the Student Support Team to determine appropriate methods of discipline.

* In all cases, however, a student with a disability may not be suspended from school (including ISS - if the student does not receive the specified special education services) for more than a cumulative total of 10 days per school year. When the total number of suspension days nears 10 or a significantly disruptive behavior occurs, the following procedure should be followed:

1. The Director/Coordinator (or designee) of Special Education should be notified to assure that all due process procedures are followed.

2. The IEP committee will carefully review the IEP and current placement to determine if the behavior is related to the disability and if change should be made in the IEP.

3. For Section 504 students, the SST will review the 504 Plan and determine if the behavior is related to the disability.

ADMINISTRATIVE PROCEDURE

PHYSICAL EXAMINATION

All students, including those in programs for four-year-olds, who enter a Douglas County public school for the first time must have Eye, Ear, and Dental Examination Certificates on file in the school. Students who have previously attended Georgia public schools, left the public school system for a private or out-of-state school, and then later returned to the Douglas County schools, will be assumed to have satisfied this requirement when they initially entered Georgia public schools. Students may be admitted to school without the Ear, Eye and Dental Certificate but must present it within 120 days following entrance to school. A record of hearing, vision and dental screening must be on or attached to DHR Form 3300 (6-75), Certificate of Ear, Eye and Dental Examination. Out-of-state forms that show ear, eye and dental examinations are acceptable if dated within the past 12 months of the enrollment date in a Georgia public school. For some disabled students, the Certificate of Ear, Eye, and Dental Examination may be accepted when the examiner is unable to certify a pass or fail due to the severity or nature of the disability.

Students attending middle school in the Douglas County School System are to be screened for scoliosis (lateral curvature of the spine) and parents must be notified of the screening date. If a parent or legal guardian of a child objects to such child being screened for scoliosis, the child shall be exempt from screening.

Students in grades seven through twelve, who participate in competitive interscholastic athletics and cheerleading must have an annual physical examination form that includes approval for participation; signature by a licensed medical doctor before participation in any tryout, practice or conditioning; and the date (month, day, year) of the examination and the student's name.

2. Chronological age based on a certifiable document (birth certificate)
3. Performance on standardized tests and/or instructional placement test (Example: Reading Placement Test)

Date: 5/22/07

Every student enrolled in Douglas County Schools is expected to observe a standard of grooming and dress consistent with the level of formality of the school setting. Certain items of dress are not considered appropriate and therefore, are not acceptable, and could result in a child having to call parents at home or work to bring more appropriate clothing. Examples include (but are not limited to) the following:

a. Hats, visors, hoods pulled up, sweat bands, skull caps, bandanas or other head garments including non-prescription sunglasses worn inside the building;

b. Beach or shower shoes, bare feet, flip flops or rubber and/or metal cleats are not allowed in school or on buses;

c. Shoes with any type of wheels or other rolling apparatus.

d. Clothing that shows the bare midriff, bare back or the bare shoulders.

e. Tank tops; (Shoulders must be covered; arm holes tight fitting) are permitted only for students in K, 1st, 2nd, 3rd grades. Tank tops are not permitted in 4th and 5th grades.

f. See-through or mesh clothing unless worn over other apparel;

g. Clothing or articles advertising or displaying the insignia of drugs, tobacco, or alcoholic beverages shall be prohibited;

n. Pajamas, bedroom shoes or other sleepwear;

o. Holes or patches above the knee.

Good taste and good judgement should be used by parents and students alike in the selection of school dress. Many “fads” in dress are not appropriate.

The school administration reserves the right to determine if certain other items are too casual, too revealing or too distracting from the learning environment to be considered appropriate for school. Health and safety of all students will be taken into consideration when making decisions regarding appropriate/inappropriate attire, including the tucking of shirts.

Some exceptions to these guidelines may be made for special activity days such as field days and character costume days as determined by the school principal. Special
EMERGENCY DRILLS

FIRE DRILLS are necessary for the safety of the students and faculty. One drill per month will be held. The specific directions for reaching a point of safety from all areas of the building are posted in each room. Misconduct can endanger lives.

TORNADO DRILLS will be practiced as needed to be prepared. Follow instructions given by teachers to assume safe positions during drills.

MEDICAL TRANSPORTATION

It is the responsibility of the parents to provide transportation and further care for the student if the student becomes ill or injured on school property. Emergency personnel will be called in emergency situations. Students may not be sent home without parental approval and no student may drive when excused for medical reasons unless parental consent has been given. The parent or guardian is responsible for payment of emergency transportation costs.

SCHOOL HEALTH SERVICES

Each school will be provided with a designated employee (who is not a licensed nurse) to serve as School Health Monitor. School Health Monitors will report to the school principal and will be provided training, guidance, and supervision by the Registered Nurse who serves as the Health Services Coordinator for that school.

EMERGENCY CONTACT INFORMATION

In order for the school to know and comply with the wishes of parents, emergency contact information must be filled out for each student and returned to the office for use in emergency situations. This information must be updated annually and whenever changes in contact information occurs. When you receive a Student Contact Form, please update it and return it to the school within five (5) days. Current accurate information will enable the school to contact you in the event of an emergency. It is the parent's responsibility to keep the emergency card current. At least one local phone contact in addition to the parent/guardian must be listed to insure the safety of your child. If any information changes during the school year, contact the school immediately.

ILLNESS/INJURY TREATMENT INFORMATION

In case of illness/injury, the designated School Health Monitor or other appropriate school personnel will render care as directed by the School Health Resource Manual while attempting to contact the parent. If neither the parent nor the emergency designee can be reached and the situation is very serious, the school shall telephone the Emergency Medical Services (911) for immediate transportation to the nearest Emergency Treatment Facility. Whenever possible, the student’s hospital preference will be observed. Fees for transportation and medical services will be the responsibility of the parent/guardian.

In the event a student’s illness is not deemed an emergency, but signs/symptoms of an illness and/or fever are present. The parent/guardian will be contacted and requested to pick up the student from school. If the parent cannot be reached, the emergency designee will be contacted. In the event no designated adult can be reached, or the parent refuses to pick up the student, the principal retains the right to contact appropriate law enforcement and/or Department of Family and Children’s Services (DFACS) personnel to assume responsibility for the student.

ACCIDENTS AND INSURANCE

The school is responsible only for immediate first aid. The Board of Education does not pay any medical or hospital bill incurred as a result of accident to the student at school. The parent or guardian is responsible for the payment of such bills.

We urge you to make use of the protection afforded through school insurance. You will be given information regarding various insurance plans during the first week of school. Athletes are urged to make sure adequate insurance is obtained.

In case of accident, no matter how minor, the student should report the accident to the teacher immediately. In the case of severe accidents or acute illness, emergency care will be given and the parents will be notified.

SCHOOL HEALTH RECORDS

Parents/guardians should complete a health information form at the beginning of the school year or upon registration. This form includes:

- All emergency contact information (including cell phones and pagers)
- Pertinent health history
- Primary care providers and insurance information
- Medications taken at home and school
- Allergies
- To whom child may be released

MEDICATION

Whenever possible medication should be given outside school hours. This will help reduce time out of classroom instruction and also insure compliance. If it becomes necessary for a student to take any form of medication at school, the following procedures must be followed:

1. An Authorization for Assistance with Medication form must be filled out for each medication.
2. ALL medication, including over the counter drugs and emergency medications, must be provided by the parent/guardian and brought to the office upon arrival at school.
3. All prescription medication must be in an appropriately labeled container and OTC medication must be in the original container.
4. All medications will be administered in the presence of an adult.
5. The Authorization to Carry Medication Form must be completed and signed by all parties before a student will be allowed to carry any medication with them at school.
6. Any medication (labeled or unlabeled) found in the possession of a student without the appropriate form will result in serious consequences for that student.

INSURANCE

The Douglas County Board of Education offers parents the opportunity to purchase accident insurance. Information on the plans available and the premiums will be provided at the beginning of the school year.

CARE OF SCHOOL PROPERTY

Students are responsible for proper care of all books, supplies, and furniture supplied by the school. Students who disfigure property, break windows, or do other damage...
to school property or equipment will be required to pay for the damage done or replace the item and/or receive additional disciplinary action. Legal action will be taken if necessary.

VISITORS

Parents or other adults who have business at the school must report to the office. All visitors are expected to leave promptly when their business is completed. No school-age children are allowed to visit at any time during school hours without administrative approval.

Douglas County Board of Education

ADMINISTRATIVE PROCEDURE

CHILD ABUSE AND NEGLECT REPORTING

Descriptive Code: JGI R
Date: 3/17/08

The purpose of this policy is to provide for the protection of children whose health and welfare are adversely affected and further threatened by the conduct of those responsible for their care and protection. It is intended that the mandatory reporting of such cases will cause the protective services of the state to be brought to bear on the situation in an effort to prevent further abuses, to protect and enhance the welfare of these children, and to preserve family life wherever possible. This policy shall be liberally construed so as to carry out the purposes thereof.

As used in this policy, the term:

(1) "Abused" means subjected to child abuse.

(2) "Child" means any person under 18 years of age.

(3) "Child Abuse" means:

(A) Physical injury or death inflicted upon a child by a parent or caretaker thereof by other than accidental means; provided, however, physical forms of discipline may be used as long as there is no physical injury to the child;

(B) Neglect or exploitation of a child by a parent or caretaker thereof;

(C) Sexual abuse or unwelcome touching of a child; or

(D) Sexual exploitation of a child.

(E) However, no child who in good faith is being treated solely by spiritual means through prayer in accordance with the tenets and practices of a recognized church or religious denomination by a duly accredited practitioner thereof shall, for that reason alone, be considered to be an 'abused' child.

Any school employee having reasonable cause to believe that a child has been abused shall report or cause reports of that abuse to be made to the appropriate agency in accordance with the procedure above. The principal or designee who receives such a report shall immediately notify the direct supervisor of the alleged perpetrator that the report has been made. The supervisor shall immediately notify local law enforcement and DFACS and begin a cooperative investigation with these agencies to determine the facts and whether sufficient grounds exist to warrant a reprimand, termination, suspension, or other adverse personnel action against the employee. Upon the conclusion of the investigation, the supervisor shall submit a written report of his or her findings to the Superintendent.

All school personnel who have contact with students shall receive training in the identification and reporting of child abuse and neglect with annual updates in the form of memoranda, directives or other written information.

Any school employee required by policy to report a suspected case of child abuse who knowingly and willfully fails to do so shall be guilty of a misdemeanor.

SCHOOL FOOD SERVICE

Students are encouraged to participate in the school nutrition programs. Nutritionally balanced breakfasts and lunches are available to all students. Menus are planned by a registered dietician. Breakfasts are designed to meet one-fourth of the recommended daily allowance of nutrients for Americans. Lunches meet one-third RDA. Several choices in menu offering are available. Prices are $1.00 for breakfast and $1.65 for lunch. However, free meals or reduced price meals ($.30 breakfast and $.40 lunch) are available to students who qualify.

Students are encouraged to pay in advance for meals to eliminate the necessity of bringing money daily. Any amount can be paid. The school cafeteria manager can provide information about student balances at any time.

The school cafeteria is maintained as a vital part of the health program of the school. To encourage good nutrition, a well-balanced lunch is offered at a reasonable price. All students must go to the cafeteria during the assigned lunch period.

The lunchroom management and other students will appreciate your cooperation in:

1. Depositing all lunch litter in proper receptacles.

2. Returning all trays and utensils to the dishwashing area.

3. Leaving the table and floor in a clean condition.

4. No food may be taken from the cafeteria to other parts of the campus.

5. No breaking in line.

6. No leaving the cafeteria without permission. Permission is to be granted only by the administrator or teacher on duty.
A breakfast program is also provided for students who arrive on campus early and have time to eat.

**EXTRA CURRICULAR ACTIVITIES**

An updated list of all extra curricular activities available at each school can be found on the school website.

**PARENT CONFERENCES**

We welcome the opportunity to discuss school matters with parents. Please feel free to call your child’s teacher, the counselor, or an administrator to set up a conference. We encourage parents to be involved in the educational process of their children.

**FIELD TRIPS**

The regular instructional programs of the school are enriched by occasional field trips during the regularly scheduled school day. Other field trips may be after school hours and on weekends (class field trips, athletic teams, band groups, and clubs traveling to and from competitions, etc.). Parent permission is required for participation. The school system must approve all field trips.

**CODE OF CONDUCT FOR FIELD TRIPS:** Students who are on a field trip as designated above must adhere to the Douglas County Code of Conduct.

The number of days/classes that a student may be out for student activities such as field trips is limited to 10. Students and individual teachers are responsible for checking with the Attendance Clerk to make sure a student does not exceed the limit.

Other trips sometimes use names that might be associated by some with the school. The school and school system does not sponsor any tours or cruises. Students who participate in these activities are dealing with private companies.

The Douglas County School District, its officers, officials and employees are not responsible for injury or other loss which might occur to a student or a student’s property while traveling on approved school field trips or activities.

**BUS TRANSPORTATION**

School transportation is provided in conformance with pupil transportation policies and procedures established by the State Board of Education and the Douglas County Board of Education.

The school system operates over 240 buses serving more than 440 routes and covering more than 10,000 miles daily. Most drivers have an elementary school route and either a middle or a high school route. Some drivers, such as our Special Needs Drivers, may serve several different schools in both their morning and afternoon routes.

Transportation is also provided for a wide variety of school-related activities.

Each school bus is equipped with advanced safety devices to help the driver see and protect those riding the bus. These are only mechanical devices. It is important that all who ride a bus know and practice the skills of being a safe rider. A safe rider observes bus conduct rules at all times, thereby reducing the opportunity for injury or accident.

Bus drivers complete an intensive training program and must pass the road and written test required to secure a commercial driver’s license (CDL), with a Passenger and School Bus endorsement.

School transportation is a privilege. To maintain this privilege, a student must abide by established bus conduct rules. A pupil’s transportation privilege may be suspended or revoked if conduct creates a disruption or safety hazard on the school bus. The principal or his/her designee handles all disciplinary action taken for misconduct on the school bus.

**BUS CONDUCT RULES** – See Elementary School Discipline Code

**BUS SUSPENSION**

A pupil found guilty of certain offenses may be suspended from the bus for a period up to the remainder of the school year.

**STUDENT DISCIPLINE**

The school bus is an extension of the classroom. The school day begins when the student enters the bus and ends when the student leaves the bus. It is the responsibility of the Principal (not the driver) to determine and enforce disciplinary actions and notify the parents. Student management has as its objective securing desirable behavior from all students riding the bus.

Bus misconduct falls into two categories:

1. General violation of bus conduct rules
2. Serious misconduct

**STUDENT DISCIPLINE PROCEDURES**

To protect the safety and well-being of all riders, pupils must follow bus conduct rules. Students who insist on violating the Bus Conduct Rules will be disciplined as follows:

**GENERAL OR MINOR OFFENSES (LEVEL 3):** Behavior such as chewing gum, talking loudly, standing while the bus is in motion, bringing food or beverages on the bus, cell phone use, etc. is considered a general or minor offense. Prior to turning in a *Discipline Referral form, the driver will attempt to resolve less serious problems him/herself.

- 1st Offense - Driver will first request the student to correct his/her behavior and counsel with the student after the other students are off the bus.
- 2nd Offense - Driver will file a *Discipline Referral form with the Principal or the school’s designated discipline administrator.

**SERIOUS OR MAJOR OFFENSES (LEVEL 1 & 2):** More serious or major offenses will result in moving to the 2nd Offense step or may require immediate attention by the Principal and/or Law Enforcement, or Resource Officer. Level 2 offenses are behaviors of a less serious nature, but serious enough to merit involvement by the school principal to correct on the first violation event. A Level 1 offense requires immediate attention by the Principal and/or Law Enforcement, or Resource Officer. Examples of Level 1 offenses include (but are not limited to) weapons, illegal substances, assault, threats or intimidating behavior towards another student, bus driver, or bus monitor.

- Level 2: 1st Offense - Driver files a discipline referral form with the Principal or the school’s designated discipline administrator identifying the student involved and the offense.

- Level 1: 1st Offense - Driver notifies Transportation to have the Principal or designated discipline administrator meet the bus or, depending on severity of incident, call for law enforcement officers to come to the bus’ location.

**BUS LOADING ZONES**

Bus loading zones at the schools are restricted to school buses only during the 30 minutes immediately before and after school. Cars in the bus lanes present a serious safety hazard for pupils. To protect pupils, unauthorized vehicles in bus loading zones are subject to ticketing.

**SERVICE PROVISIONS**

- Bus service is provided to and from a pupil’s home and school. Service to other locations, such as after school daycare/babysitter, is provided only if the destination is located within the student’s assigned school district. Bus service is not provided to or from business locations (other than daycare). No exceptions.
- Bus conduct rules must be obeyed. Failure to do so may result in suspension of bus privileges.
- Parents are responsible for their children going to and from the bus stop and while waiting at the bus stop.
- Written permission from a parent, signed by the principal, is required for a child to ride a bus on which he is not assigned or to leave the bus at a stop other than his assigned stop.
• Pupils must be at their designated bus stop when the bus arrives. Buses cannot wait for latecomers.

• Only authorized persons may board or ride a school bus.

• Glass, items too large to fit in a pupil’s lap, weapons, firecrackers, pets, gum, drinks, food or candy, electronic devices, and hazardous materials are not permitted on the bus.

ON-STREET BUS SERVICE
Buses are routed along major streets. For a bus to be routed down a street off the trunk route, the following two criteria must be met.

1. A child’s walking distance to the nearest bus stop is
   a. greater than .2 mile or more for elementary school students;
   b. greater than .3 mile or more for middle or high school students.

2. The street is safe for bus travel and has a safe bus turnaround.

BUS STOPS
Drivers are not permitted to deviate from their route without permission from a route supervisor.

• State regulations require bus stops to be spaced at least one-tenth (.1) mile or more apart. Exceptions are allowed only in response to a safety hazard.

• Buses are not permitted to travel on closed or flooded roads. Bus stops served by such a road will be temporarily relocated to the closest safe location. Service will be restored once conditions permit.

• Bus stops on the routes are not always the same as the previous year. Buses are not to be routed on private property (this includes most mobile home parks and apartment complexes).

• A student will be returned to school if it is obvious there is no one home and the norm is for someone to be at home.

• If a student has no key, objects to disembarking the bus, or if the stop/home looks different than usual, the driver will radio for instructions from the school administrator.

• If the normal routine is for no one to be at home or at the stop, the student will be allowed to disembark alone.

• Parents can help us by:
  • Making sure your child is at the bus stop five minutes early.
  • Review bus safety rules with your child and stress the necessity of observing them.
  • Teaching your child to obey the bus driver.
  • Cooperating with school officials and school bus drivers regarding appropriate conduct of your child at the bus stop and on the bus.

• Helping your student understand that student behavior on school buses is considered an extension of classroom behavior.

• Educating your children on the rules of school bus safety.

• Reminding your child to walk on the sidewalk, or the shoulder of the road, on the way to the bus stop and not on the traveled portion of the road.

• Reminding your child to wait in a safe place, well off the road, until the bus comes to a stop.

• Students should not move toward the bus until the bus and all traffic have stopped. Students should stop and look before crossing the road when preparing to board or depart the bus. It is very important to look – do not expect approaching traffic to stop.

• Periodically remind your child of the importance of mannerly and orderly behavior at the bus stop. Periodically check on students at the bus stop.

• Accompanying very young children to the bus stop and meeting them on their return from school when possible.

SAFE RIDING
10 SAFETY RULES FOR STUDENTS

1. Arrive at your bus stop 5 minutes before your scheduled pick-up time.

2. Dress for the weather – umbrella and raincoat for rain; coat and gloves when cold.

3. Never stand or play in the road. Wait for the bus a safe distance from the road.

4. Always use the handrail when boarding or leaving the bus.

5. Remain seated and keep head/hands inside when the bus is moving. Your seat is designed to protect you in the event of an accident.

6. Never try to reach for anything under or beside a bus. Ask your driver for help.

7. Observe silence when approaching and while stopped for railroad crossings so the driver can hear if a train is coming.

8. Look carefully before crossing the road. Do not assume a car will stop for you – wait to be sure it is stopped before crossing. Watch for your driver’s signal before crossing the road.

9. Always cross in front of the bus – NEVER behind it!

10. Talk quietly while on the bus. Do not “horseplay”. Your driver must give full attention to driving to ensure your safety.

NEED INFORMATION??
For information regarding:

• Your bus route or schedules, call the school.

• A bus service problem or concerns, call the Transportation Office at (770) 651-2400.

The Transportation Office is open Monday – Friday from 7:30 AM – 4:30 PM.

SEVERE WEATHER / EMERGENCY CLOSING OF SCHOOLS
The Superintendent is authorized to close schools in cases of emergencies or severe weather. WSB Radio and TV are the stations first notified of emergency announcements for the Douglas County School System.

EMERGENCY SUSPENSION OF SCHOOL ACTIVITIES
Abnormal conditions sometimes occur which require temporary suspension of school activities. These possible conditions include inclement weather (ice and snow storms); failure of power, gas, or water supply, and breakdown of heating system.

Some situations affect only one school while in other cases several or all Douglas County Schools may be involved. In all instances the safety, welfare, and health of students and employees are the basic factors considered in making a decision as to whether or not to suspend temporarily the normal activities of a school day.

The Superintendent has the responsibility of making decisions on suspension of school activities. If the Superintendent is not available, a person designated by the Superintendent will assume this responsibility. School principals will be notified of such action by the most expedient direct means, either by telephone or personal contact.
